

ALL BOYS GIVEN CHANCE TO LEARN

Swimming Lessons Will Be Given Free to School Boys at the Y. M. C. A.

JUNE 1 TO 5 IS TIME SET

Ages From 10 to 16 Will Be Handled in Three Classes—Need Not Be Members.

"Can you swim?" Whether you can or not, the Robinson Memorial swimming pool at the Y. M. C. A. is full of possibilities for you this summer. There are at least 120 hot days before us, and the swimming pool is just about the most comfortable place in town on a hot day.

"If you can swim, we don't need to say anything more about it. You know the delights of the water for yourself. Of course, if you have not tried the Y. M. C. A. pool, you still have something to learn about the enjoyment of swimming in clean, safe, sanitary surroundings."

"But if you can't swim, you ought to learn. Your own life, or the lives of others, may depend upon your ability to swim. Here is your chance to learn. You can have careful and expert instruction at your own convenience, either in class or privately, at the Y. M. C. A."

"Don't commit suicide by 'the water route.' Learn to swim and save your own life when the time of emergency comes. Every man and boy ought to know how to swim, for the good of society."

In language like this, the Y. M. C. A. is urging upon its members, and those who ought to be its members, the importance of learning to swim this summer. The association men hope to be able to make a material reduction in the usual death rate by drowning this year by teaching people to swim, and by encouraging them to swim in a safe place.

Plan Free School.

A big service for the community is planned in this line for the first week in June, when a free swimming school is to be put on for the boys of the ward schools of the city. Invitations are being sent out to all the school boys who cannot swim, requesting them to register next week for the swimming campaign, which will be held on June 1, 2, 3, 4 and 5. Boys from 10 to 12 years of age will have their lessons from 9 to 10 each morning; those from twelve to fourteen will have theirs from 10 to 11, and the boys from fourteen to sixteen will have their time from 11 until noon. This instruction is to be given free of

all charge, regardless of membership in the association.

Each evening during the campaign week, there will be special classes for men in the swimming pool, when men who are members of the association may have special instruction in swimming. Business men will swim at 5 o'clock and others after supper.

The Y. M. C. A. workers are exceedingly anxious to have this week of swimming instruction just as useful to the city as it can be made, and they hope that a very large number both of men and of boys will get into the work and learn to handle themselves in the water.

LAD IS INJURED IN BUGGY CRASH

A. L. Larson and 3-Year-Old Son Figure in Collision With a Wagon.

A. L. Larson, 1318 Third avenue, an ice cream manufacturer, and his 3-year-old son had a narrow escape from serious injury when the buggy in which they were riding collided with a heavy wagon at Twenty-sixth street and Fifth avenue at 5:30 last evening.

Mr. Larson was on his way to Moline to deliver goods. He was riding in a single buggy. As he approached Twenty-sixth street a wagon drove in front of him. A street car and an automobile were approaching from the east at the same time and hemmed him in. Before he was able to stop the horse the buggy crashed into the heavy wagon, throwing his son out of the buggy onto the pavement. It was first thought that the boy was seriously injured and he was carried into Shields' grocery store and a physician summoned. An examination showed that he sustained only a few minor bruises and cuts in the fall, and today is none the worse for the experience.

The buggy was badly damaged and the horse received several cuts in the collision.

OUTDOOR GYM OPENED FOR MEMBERS OF "Y"

The outdoor gymnasium, or playground, at the Y. M. C. A. was informally thrown open yesterday without the aid of music or oratory or fireworks. For several weeks Physical Director Clevett has been in charge of the work of preparing the ground and getting it into shape for use, and his efforts were rewarded yesterday when the time came that it was possible to step out on the grounds and play the first game of tennis. The tennis courts are provided, one of which will be used for volleyball as well as for tennis. The business men's class initiated the outdoor volleyball yesterday evening, and it is safe to say that the grounds will be in constant use from now on. A schedule is being prepared, so that boys and men may use the place at hours that will accommodate all without conflict. The use of the playground is a part of the privileges of the physical department, and no extra charge is made for it.

POLICE NEWS

Frank Brown, colored, was arrested yesterday afternoon by Officer Keil, charged with assault. His case was dismissed this morning in police court.

HOSTETTER'S STOMACH BITTERS

THE company back of the car is an important factor in determining automobile value.

The Paige-Detroit Motor Car Company has no bonded or other indebtedness on which interest has to be paid—no excessive capitalization on which it has to earn dividends—no heavy overhead expense of any kind—

The price of a Paige car represents actual car value simply because the company back of it is sound financially.

When you buy the Paige you pay only for the car.

That is why it is possible to include in the Paige so many structural features usually found only in cars of much higher price—

Investigate these facts for yourself.

Then get your name on an order blank as quickly as you can—The Paige is going to be oversold again this year.

SCENE AT THE PAIGE-DETROIT PLANT

New Paige-Detroit plant, showing the shipping platform of the new Paige factory. During the month of April, 1914, 1,227 cars left this platform; money value, \$1,136,013. This is four times as many cars as were manufactured during the entire season of the company's first year, three years ago. In other words, the Paige-Detroit has developed in three years from a business of \$300,000 to one that will probably reach \$12,000,000 before this section is over.

164 DIE IN RACE RIOT OVER A GIRL

Indians and Negroes in Guatemala Reported to Have Met in Deadly Fight.

New Orleans, La., May 21.—The United Fruit company today was using its wireless in an effort to confirm a strange story of a race riot reported to have occurred on one of its plantations in Guatemala in which it is reported 64 negroes and probably 100 Indians were killed.

Smoldering race hatred of these native Indians for negroes, inflamed by Clarence Williams, one of the negroes, winning the Indian girl Nazada from her father at dice, and his refusal to sell her back to a native, is reported to be the cause of the trouble.

Christoforo Zurello, a half-breed boss of a neighboring farm, had wanted Nazada as a wife for his son, and was incensed when he learned that she had become the property of the negro. According to the Guatemalan Indian custom, he entered into negotiations with the negro. He offered him 30 pesos for the girl. The negro refused. Soon after Williams left for his work Saturday, May 9, three men appeared at the shanty. It is said one was Zurello. Williams returned to the shanty a few hours later. Tied to a nearby tree was his Indian girl, mutilated with knives. Before she died she told him who had assaulted her. Arming himself, Williams, it is declared, began a search for Zurello, found him and shot him to death.

Religious services were held in a little church as usual the next morning. When the Indians came from the church the negroes opened fire on them. Williams and twelve of his followers were killed. Many Indians were slain. Fighting was kept up for many days.

Nowadays skilled chemists do this better than ourselves. By asking at any drug store for the ready-to-use product—called "Wyeth's Sage and Sulphur Hair Remedy"—you will get a large bottle for about 50 cents. Some

highest men in this match will comprise the team for the state shoot. To be held the latter part of June. The members of the state team are chosen from among the 12 best shots in the regional match, regardless of what company they belong.

Captain Dunavin made enviable record in the match at Sterling last year securing first place. He also secured third place in the state shoot, but was eliminated for the national team.

Quick Relief For Rheumatism.
George W. Koons, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot; had to be lifted for two months. She began the use of the remedy and improved rapidly. Monday she could not move and Wednesday she got up, dressed herself and walked out for breakfast." HAIR TURNING GRAY OR FALLING? JUST MIX SAGE TEA AND SULPHUR

It's Grandmother's Recipe for Dandruff and Restoring Color to Hair.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.
